

INTRODUCING SWSA - SOUTH WEST (ENGLAND) SHARED APPRENTICESHIP COMPANY

The Construction Industry Training Board (CITB) has developed a shared apprenticeship model to suit the growing demand for a more flexible approach to apprenticeships, reflecting the needs of the construction industry. The shared apprenticeship approach model moves apprentices between a number of host employers whilst gaining a full apprenticeship qualification. The benefit to employers is that they offer a proportion of the apprenticeship and for apprentices they receive a variety of experiences across a number of host employers.

SWSA will operate initially across Dorset, Devon and Wiltshire. It will then expand over the following 18 months to cover Somerset and Gloucestershire.

INVESTING IN YOU!!!!

Are you 16-24 years old looking to work in the construction industry? We can get you on to an apprenticeship, find you a variety of placements to support your learning and guide you along the pathway to your career in the construction industry.

Are you a construction company?

We can assist you to deliver job and apprenticeship targets, build your reputation and grow young people into their career within your industry.
